

RSE Conference Committee Structure

The Programme Chair has a Team leader for the Workshops and Talks and the team leader can delegate tasks to their team members. The Treasurer, Website Chair and Diversity Chair will work with both co-chairs when necessary. In addition to the one hour meeting once every two weeks, tasks agreed during the meetings may take one to two hours a fortnight.

The Logistics co-Chair would usually be a person from the UK RSE Committee. The Programme co-Chair is an experienced RSE and this position is filled annually from the RSE community. The Diversity Chair contributes to both teams to ensure that our diversity goals are met on all levels.
